This material originated from Norse Organics manifest 0007853919. A total of 54.5 lbs was stored in Walk-In Freezers A and B. An additional 23.84 lbs was stored in embargoed Freezer 6.

The 54.5 lbs of non-embargoed material was processed during the week of June 9. It was work-in-process and fully converted into Sweet Grapes extract, with the production recorded in METRC on June 16. Production logs were provided.

The remaining package in the embargoed freezer was moved to a new tag to reflect remaining weight and maintain accuracy in accordance with METRC instructions.
